WELCOME TO YEOVIL R.F.C.

To-day we extend a very hearty welcome to Yeovil, a Club doing so much for Rucker in South Somerset. Extremely enterprising, and playing the right type of Rucker we look forward to a grand game with them. On December 26th last, when our lads went down Somerset way, we were successful by 8 points to 6 points but since then our team has not had the best of luck in their encounters. This has been due no doubt to the fact that the team has of necessity been somewhat pulled about by first XV. calls, which of course should be the function of a United XV, and it is all credit to Bob Ball, the general utility man and popular skipper, who seems to be able to play anywhere on the field, that the side has done as well as it has.

Followers of the game will no doubt realise that on Monday last quite a number of the United team were in the first XV. v. Old Merchant Taylors and acquitted themselves excellently in the "mud-bath".

One feels that to-day, assuming that there are no calls from the selected side to travel with the firsts, we should be able to notch another win, but at the same time, it should be borne in mind that Yeovil may pull something out of the bag. They are quite capable of doing so and it would not be the first time that they have given us a shock at Bath.

The record of the First XV. is really splendid and one wonders how long it is since we have been able to show so many wins. It must be way back and even then, I am bound to feel that our fixture list in these days is much stronger than in those earlier palmy days. Anyway "Well done" Alec, for it must be due to his splendid example and leadership that he has got so much out of his team.
