# NEWBRIDGE RUGBY FOOTBALL CLUB

Official

Programme 3d.

Kick-off

3.30 p.m.

## BATH v. NEWBRIDGE

Saturday, 28th April, 1951

### NOTES

Today we see the end of yet another season; our visitors today come to us with a very good record having won more games than in any other season and will be all out to add to their tally, their young threequarters should please the crowd and we can be sure of seeing some open football.

This season Newbridge have had many disappointments, both from the weather and playing stand points. They won more games than in any other season and will be all out to add to their tally, their young threequarters should please the crowd and we can be sure of seeing some open football. Not played since but it is hoped he will be fit enough next season.

This season Newbridge have had many disappointments, both from the weather and playing stand points.

I. Thomas, our early season outside half was injured early in the season and has not played since but it is hoped he will be fit enough next season.

The Grand-Stand should be an accomplished fact by next season and the committee will be relieved of their constant weather worries.
